NO ELECTION BILL.

HOUSE AND SENATE CONFERREES CAN-NOT GET TOGETHER.

NEW COMMITTEE APPOINTED.

ANOTHER DISAGREEMENT IS MORALLY CERTAIN.

The Democrats of the Senate Do Not Want an Honest Election Law and There Will Be None Passed This fession if They

Can Help It.

Jofferson City, Mo., March 32 - (Special) Without having had another meeting to discuss the merits of the election bill, the conference committees failed to agree. This failure is entirely chargeable to San-stors Lyman and Dunn, and Sennator Ly-man does not attempt to justify the disagreement, except as a matter of party expediency. He claims that Democrats in the senate would not support him in yielding anything from the Dunn bill. When the report of disagreement was read in the senate, Senator Tunnell submitted a mi-nority report. Senator Luneaster at once moved, inasmuch as the house had already adopted a resolution to appoint another conference committee, that the senate do the same thing. Then Morton jumped to his feet and moved that the senate adhers to its amendments. He was solicitous that to its amendments. He was solicitous that another committee be not appointed. He did not like conferences. Senator O'Bannon said that he hoped the senate would not act hastily; that to adopt Morton's motion would be to kill the bill. He thought the senate ought not to go on record as against a purer election bill. Then Senator Hartson earth, the restate of the senator of the sen rison caught the speaker's eye and ad-dressing the senate declared that to falter now would be a disgrace; that every effort should be made to secure the passage of a purer election law and that he, for one, would vote for another conference com-mittee. The tide was against Morton, Senators were afraid to vote so openly to kill the bill. Morton withdrew his motion and a conference committee, consisting of Senators Morton (Dem.), Peers (Dem.), and Brewster (Rep.), was appointed. So dies the election bill. The house cannot accept the amendment and it is entirely too much to suppose that Morton and Peers will vote to recede. The appointment of Morton, who had just moved to adhere, was an outrageous affront and insult to common

bo suppose that Morton and Peers will vote to recede. The appointment of Morton, who had just moved to adhere, was an outrageous affront and insult to common sense, right, humanity and the friends of light of the noonday and that he can be received in the control of the noonday and that he can be received he can be

RENEWING AN OLD FIGHT.

Another Application for Return of West-port School District Surplus Funds. newed an old case vesterday in the county

newed an old case yesterday in the county court by filing an application asking for the return of the surplus fund in the treasury, derived by the levy to pay off the Westport horse railroad bonds. The amount of the surplus, with interest, is estimated at \$7,000 and if given up by the county court will go into a public library building for the benefit of the Westport school district.

The matter has been brought up time and again by the old county court, but was never finally disposed of. When the levy for the bonds was made, years ago, some of the taxpayers fought the increased taxation up to the supreme court. Pending the trial of these cases the county court increased the levy sufficiently to cover the loss by the refusal to pay upon the part of the lithrants. The case was finally decided in favor of the county, and when the back taxes were paid in, it created a surplus. The residents of the Westport district believe that the county is not entitled to keep this money and wish the surplus applied to educational purposes by the building of a public library. The court referred the matter to the county counselor.

tract money out of the county treasury and not give anything in return for it. J. B. Patterson who lives on a road leading out of Oak Grove, filed with the court on February 5 a statement as to the condition of a bridge in that locality. The estimated amount of material to be used in the repair of the bridge, according to Patterson was \$25.65. The bridge was reported as "fallen down," and required immediate attention. The matter was referred to Samuel Russell, a newly appointed road overseer and yesterday Russell reported the bridge in good condition. Patterson was notified that his application 15 repair the bridge was disapproved.

County Accountant Snell was presented with the financial statement of the county for his perusal.

Mayor Davis yesterday appointed the following delegates and alternates to the Southwestern grain and fraction of the Southwestern grain and fraction object. Ala. April 4: Delegates—Dr. J. Feld, Zeb F. Crider, F. J. Chalfant, C. F. Moulton and John Sollivan. Alternates—George Holmes, Jr., K. H. Field, Joseph Lorie, L. J. Bricker and M. A. Pursiey.

"MY FOOD DOES ME NO GOOD."

In any city there are many possible ways to travel from one point to another. But between the food on your table and its desbetween the food on your table and its des-tination in the tight, there is only one road —directly through the stomach. There is no going around the stomach or forcing a passage through it. Here the food is de-tained awhile, for better or for worse. Here it must be digested—that is to may, changed, liquefled and assorted for assim-ilation; or failing that, it must be here and rot, separating potentials that the here and rot, separating potentials principles which enter the blood and set up a discussed ac-tion throughout the system. This is indi-gestion or dyspepsia—the condition that ex-ists when a person says. "My food does the too good."

to good."

Certainly not. How can it? The more he cats the more he suffers. The road is blocked. No use putting more grain in the hopper when the mill cannot grind. Here hoper when the mill cannot grind. Here are some of nature's protests: Loss of appetite; distress after cating; heartburg; papitiation; flashes of heat and cold; the rising of hauseous acids and gases in the throat; furred tongue, dull and aching nead; pains in the chest and basek; weariness, fatigue and worry; loss of sleep; cold hands and feel; yellowish eyes and skin, weakness and trembling; constipation; failure of netwous force and courage, etc., etc. Out of this seething blockade in the stompach may come any of a dozen local compaints—a common form of pseudo-consumption among them. Yet you must eat or starve, Miserable dilemma.

Drastic measures won't do Take a very little light nourishment at first and immediately after it a dose of the Shaker Digesting Cordial, the only radical effective remedy for indigestion or dyspepsia—prepared by the Shaker Community of Mt. Lebanon, N. Y. It will relieve at once and cure quickly. Made from cultivated medicinal nerbs and plants grown by the Shaker. Fleasant to the taste, paintess and harmless.

ers. Pleasant to the taste, paintess and harmless.

Trial bottles ten cents. For sale by nearly all druggists.

REWARD TO FAITHFUL CUCKOOS.

Sharp Comment of the Washington "Times" on the Appointment of Springer and Kilgore.

Washington, March 22 -(Special.) Mr. Springer will leave for the Indian Territory the first of next week. He refers to that region now as "my country," and says he is likely to spend the remainder of his days there working for the good of the people, and incidentally looking after personal interests in politics. He will go to Muscogee, where he will arrange his district, and hopes to be

ready to open court very soon. Mr. Kilgore is not in so great a hurry about the matter. He will remain here a few days making combinations for business and pleasure in that country and have everything ready to work

and have everything ready to work when he gets there.

The Washington Times this morning refers to the appointment of Springer and Kilgore, as territorial judges, in a sarcastic way. The editorial is as follows: "Two nice little plums fell from the executive lap yesterday. Hopeful Chairman Springer and Kicking Buck Kilgore will go into the Indian Territory to sit in judgment over cattle thieves and smugglers of trantula whisky. Fortunately no great knowledge is required of a district judge in the country where these two cuckoos have been assigned, or the judgment of President Cleveland might be severely criticised. "According to the congressional directory the ever-hopeful Springer was admitted to the bar in 1859; was elected secretary of the Illinois state convention in 1862; was a member of the state legislations in 1871-1872 and was elected to the

over chaste English.
"But from a cuckoo stanpoint, both are good appointments."

"There are no longer Pyrenees" Napo-leon asservated. There would no longer be alum baking powders if consumers did not extend them parronage.

COMPANY A'S RECEPTION.

Plans Arranged for the Reception and En-tertainment of General Gordon. tertainment of General Gordon.

The reception given by veteran Company A, Third regiment, last night, was largely attended and was a very successful affair. Supper was served at 3 o'clock, after which the members of the company and their guests sat around the tables and toasted each other and General John B. Gordon, who was really the one honored by the occasion, though absent way down in Georgia. The meeting into which the party was resolved was thrown into the hands of the guests and Major Ross Guffin was made chairing into which the party was resolved was thrown into the hands of the guests and Major Ross Guffin was made chairback taxes were paid in, it created a surplus. The residents of the Westport district believe that the county is not entitled to keep this money and wish the surplus applied to educational purposes by the building of a public library. The court referred the matter to the county counselor.

THE STORY DISPROVED.

A Bridge Reported as Needing Repairs Found to Be in Good Condition.

The county court was given another insight yesterday into some of the methods resorted to by scheming individuals to extract money out of the county treasury and not give anything in return for it. J. B. Pattersen who lives on a road leading out of Oak Grove, filed with the court on February 5 a statement as to the condition of a bridge in that locality. The estimated amount of material to be used in the repair of the bridge according to Patterson was \$25.65. The bridge was reported as "fallen down," and required immediate attention. The matter was referred to Samuel Russell, a newly appointed road overseer and yesterday Russell reported

On motion of Colonel Wilson a committee of seven was appointed to arrange for a military turnout as an escort of honor to meet General Gordon and party at the train when he arrives, the committee to consist of members of the Grand Army of the Republic and Confederate Veterans Associations, and of officers of the Third regiment. The chair appointed on this committee Judge John B. Stone, Colonet N. P. Simonds, Major Blake L. Woodson, Joseph Mercer, John C. Hope, C. W. Whitehead and Captain O. H. Coulter.

bile. Ala. April 4: Delegates—Dr. J. Feld, Zeb F Crider, F. J. Chalfant, C. F. Moulton and John Sullivan. Atternates George Holmes, Jr., K. H. Fleld, Joseph Lorie, L. J. Bricker and M. A. Pursley.

Di partment Reports

Secretary Langworthy of f. board of public works, yesterday received from the binder two neatly bound copies of the reports of the board of public works since its organization, and of the department of engineering for the past ten years only two other complete copies have ever been kept to far as is known.

Captain O. H. Coulter.

Clinging to Life.

William Elix and James Ellis, the two men who fought with knives at 102 East Third street Monday night, are still in a critical condition at the city hospital, and it is still thought that they cannot possibly survive. Last night about 8 octook Elix, who was stabbed in the head and who had been unconscious ever since he was wounded, recovered his scheep for a moment and asked for a drink of milk. He passed into a violent spasm and again became unconscious.

A BRIGHTER OUTLOOK

GGNS OF BUSINESS IMPROVEMENT ARE GROWING MORE DISTINCT.

Volume of Domestic Trade Has Increases and the Legitimate Demand for Money Is Much Better and More Hands Are Being Employed.

Weekly Review of Trade says: Indications of improvement in business grow more distinct. The most obtrusive of them, the speculative savance in cotton nd in stocks is the least reliable, nor only improvement in business conditions. Rail-road carnings are sogreely better, and the speculation is less speculation is largely hazed on expecuation of more effective monopoly in coal and some other products. London was buying largely, but tikely to sell on any rise. More valuable indications are that vol-ine of domestic hariness gains a little; noney is in much better demand, and the orce of hands at work gradually increases t some industries, and in others is re-tricted only by striker, which are pre-umably temporary. The rise in cotton to all cents still seems

The rise in cotton to 6.31 cents still seems to have scarcely any contact with the facts of demand and supply, but had a very substantial basis nevertheless, if, as some maintain, more cotton had been sold in this country for future delivery than could be produced here until another crop comes. The rise in wheat, which started with the report of wheat in farmers hands, has been followed by reaction, so that prices are lower than they were prior to that report, having fallen 25ac for the week. Western receipts were 1,985,211 busilels, against LCSLEII last year, and for three weeks were practically equal to last year's, while Atlantic extorts are small. Corn has not followed, but after a rise to 515ac, holds the price of a week ago, receipts being about a third of last year's, and exports insignificant. Fork has declined 25c per barrel, and lard 10c per 150 pounds.

pounds.

Lead is weaker with heavy sales, 2.50e tons domestic and 1.500 tons to foreigh takers at 3.50e to 3.10e, but large sales of tin plate are reported with prices a smale stronger. Sales of wool gradually decrease, and for the week are smaller than last year, 4,174,500 pounds, against 4,228,500 pounds. For three weeks of March, sales indicate about 70 per cent on a full consumition.

BRADSTREET'S WEEKLY REVIEW. Improvement in General Trade Is Mor

Marked but Not General. New York, March 22.—Bradstreet's says: Improvement in general trade is more marked, but not general. It is more conspicuous at larger New England points, notably Boston and Providence, at New York, Pittsburg, Cincinnatt, Louisville and spicuous at larger New England points, notably Boston and Providence, at New York, Pittsburg, Cincinnati, Louisville and other centers along the Ohlo river valley to St. Louis, and as far west as Kansas City. Similar reports come from Chicago, Milwaukee and St. Paul, the first named amouncing that smaller quantities of a per cent money are being offered, the banks working steadily toward a 5 per cent basis, demand for loans continuing to improve, and reserves being lower than for a year past. From other cities a beiter feeling is reported, based on the recently developed strength in cotton, wheat and flour. The widespread prevalence of the linquiry whether this upward movement is the beginning of a permanent recovery from the two years of depression is of itself (risignificant.

While among important price movements there are reactions for wheat, outs and lard from the advances of last week, this was to be expected as the outcome of a selling movement to take profits, emphasized by favorable crop reports from abroad and freer receipts. Quotations for anthracite coal have been demoralized, and there is little hope for them until those who make them desire to have prices higher and steady. Eggs continue the decline of a week ago, and live hogs at some Western points are is lower.

Wool remains unchanged, although the volume of business is smaller because it is coveen the Beasons with Gress goods mills, and Australlain wools are more popular. No changes in quotations are noted for coffee, sugar or naval stores. On the other hand, cotton has jumped up 5-16c, corn is be higher, and butter has second another advance. Live cattle have also advanced, as has coke, which, taken in comecion with increased wages paid iron and steel workers at Pittsburg, Indicates an advance for Bessener pigiton and billets. Increased firmness is reported in some varieties having been marked up is per cent by manufacturers.

Exports of wheat, heluding flour as wheat, from both coasts, equal 2508. St. bashels this week, or 250,000 bushels mo

Life is short and art is long. The art of good cooking is facilitated thro' Dr Price's Cream Baking Powder.

Business of the Banks at the Principal Cities the Past Week.

Suit for Divorce.

Midred M. Huribur yesterday filed a divorce suit in the circuit court arminst her husband Emerson F. Huribur. Huribut is a gripman on the Tenth street cable line, and his home is at 1815 East Tenth street. Mrs. Huribut is employed as a dressmaker in the Ridge building. At the time of the marriage Huribut was a Fullman conductor between this city and Caiffornia, and was considered a sober and upright man. Since their marriage le has, his wife says, many times been drunk, and at last he lost his place on the railroad, and at present does not even contribute to her support. She asks for an absolute decree of divorce and the restoration of her maiden name.

STOLE FOR HIS SWEETHEART.

A Mother Compelled to Send Her Son to the County Juli to Save Her Stock of Goods.

Will Maupin, a 17-year-old boy, was arrested yesterday merning on complaint of his mother on a charge of tealing shows and clothing from his mother and giving them to his sweet-heart, Minnie Woods. The girl was also

arrested on a charge of receiving stolen goods.

The Manpins live at Fifth and Harrison streets, and Minnie Woods is the daughter of a neighbor. According to the complaint against young Mansin, he has been stealing from his mether and giving the stolen articles to the Woods girl for several weeks past. His mother remonstrated with him in vain. A couple of days ago the log stole a new pair of shoes from his mother's room and presented them to the girl. The theft was such an apparent one that the girl went to Maupin's mother with the shoes and said she did not have the heart to take them. This did not satisfy Maupin's mother, who threatened to have both her son and the girl arrested unless she returned all the stolen articles he had given her. This the girl refused to do, and the arrests followed.

The hoy and his sweetheart were arraigned before Justice Walls and a strong case was presented against them. The justice committed the boy to the county jail for 100 days. The girl was sentenced to ten days' imprisonment.

ON PEARY'S EXPEDITION.

Perfect Reliance Was Placed in Paine's Celery Compound.

"When I was selected by Lieutenant Peary to accompany him on his typ to the Arctiv regions to try and find a way to the North Pole," says Mr. James W. Pavidson in The Fourth Isstate, "it was partly because of my strong, healthy constitution, and his belief that I could endure the faigue and danger incident to the typ. I had been associated with him as his business manager on his fecturing borrand was on terms of the gratest intimuty with him.

"When the slap Falcon left New York on her trip northwards it, had among the stores several cases of Phine's celery compound. The reputation of that medicine was well established, so that it was the ment from hearly every walk in life, from common salors to men of selence, should desire to use it.

"The record of our peritous trip to Camp Anniversary is too well known to need repatition, Once he camp we naturally took an inventory of our possessions, and I was exceedingly glab to find Painc's celery compound. The methelic chest was open to all, and we were first to take it, what we thought advisable. I, in company with several others, selected some of the compound, taking a bottle of it to my cabin, knowing that it would be handy when wanted. Nor was I mistaken, far the excessive cold weather soon had its effects, and I began to be troubled in a MOTICE OF WITHDRAWAI.
